the Dispensary for Women at the place may be transferred to premises now occupied by the Jail. &c.

The Senior Surgeon recommends that the Sh. Hospital, the Hospital for Women & the maternity at Hassan may be located in the Jail building, making necessary alterations. He suggests that the Police, Excise, Lock-up & other offices now located therein may be shifted to other buildings which are more suitable for their location.

4) It is stated further that the Senior Surgeon has addressed the officers concerned in the matter.

4627 24.3.22

4) A set letters to the officers concerned is sent for appl. or other orders. The opinion of the Municipal Council of Hassan has already been received

had opportunities of discussing the matter with officers and non-official gentlemen of experience and find that the proposed change will not be acceptable on sentimental and other grounds and that it would certainly be better if the development of the present District Hospital to suit a combined hospital and Maternity could be secured.

93 Plans and estimates on modest lines are got up for just a couple of new wards that will be necessary and for a few alterations in the existing wards. The Municipal Council of Hassan has come forward with a proposal to build an infectious diseases ward. An offer of a donation of Rs. 5000/- for a Maternity ward has also been received and I am in correspondence with the party about the terms and conditions. If the sale proceeds of the present Female Dispensary building be added, I should think that the contribution from State Funds for the balance of the total cost of the development scheme will not be within the range of practical politics.

94 I would therefore not press for my original proposal and would be glad to have the present hospital developed. This will also secure to the Medical Department the additional advantage of the portions of the lock-up building now vacant, becoming available as quarters for

Sir,

With reference to Government Order No. L.6652-61. Med 120-21-3 dated, 12th May 1922 I have the honour to state that, at my last visit to Hassan, I discussed with the Presidents of the District & Municipal Boards of Hassan and the District Medical Officer, the question of the immediate shifting of the Female Dispensary to the District Hospital building which can be effected by a suitable re-allotment of the present buildings and out-houses for the different purposes without reducing the accommodation now available for in-patients. I therefore request that Government may be pleased to permit the shifting of the Female Dispensary from its present building, the building

35781

Office of the Senior Surgeon,
Mysore Government,

Dated, Bangalore, the 3rd March 1922.

From

Dr. H.S. Sylvagenam, F.R.C.S.(EDG).,
Senior Surgeon with the Government of
His Highness the Maharaja of Mysore,
BANGALORE.

To

C. Venkata Rao, Esquire, B.A.,
Secretary to Government of Mysore,
Revenue Department,
BANGALORE.

Sir,

With reference to your letter No.L.3176-Med.56-21-2 of the 1st December 1921, returning the plan and estimates for improvements to the District Hospital, Hassan, I have the honour to state as follows:-

2. At my last inspection of the District Hospital, and Female Dispensary at Hassan, on the 20th November 1921, I made a careful study of the requirements of the Hospital and caused a copy of my notes of inspection to be sent to the District Board & Municipal Presidents (copy enclosed for information of Government). Thereupon, the Municipal Council of Hassan, at its meeting held on Saturday the 31st December 1921, resolved to discuss matters with me personally (vide copy of their resolution). In the meanwhile, I also received from the Honorary Secretary to the Managing Committee of the Vani Vilas Girls' School, Hassan, a copy of his letter to the Inspector General of Education in Mysore, suggesting the purchase of the Female Dispensary building by the Education Department for the use of the Hindustani Girls' School. Accordingly

accordingly availed myself of the opportunity of my visit to Mysore in connection with the University Council meeting on the 18th February 1922, to proceed to Hassan, where I attended a special meeting of the Municipal Council on the 20th February 1922. The Deputy Commissioner was also present and the following are my views concurred in by that officer and the Municipal Council.

3. The District Lock-up buildings at Hassan are not wholly required for lock-up purposes. The major portion of the buildings is used for other purposes, such as, for the Offices of the District Superintendent of Police, Excise Department etc. The daily average strength of the Lock-up was 8.03 in 1921 and the maximum number confined in the Lock-up was 18. For such modest requirements, a new lock-up with 4 cells to accommodate about 20 prisoners (undertrial and convict, male and female) and outhouses could be constructed at a moderate cost of about five thousand (5,000/-) rupees using some of the materials of the present lock-up. The present lock-up buildings, if transferred to the Medical Department, could be made to serve as a District Hospital and Female Dispensary combined, with arrangement for admission of maternity cases. The two spacious rooms in the lock-up will, with the addition of bath-rooms and a few alterations, provide accommodation for about 40 beds. The upstair rooms of the administration block in front could be used as a maternity ward for 8-10 patients. The want of such a ward is keenly felt by the people in spite of the Medform Memorial Hospital. The only important new structure wanting for hospital purposes is an Operation theatre which could be built between the two wings from the maternity taken from the new operation theatre already constructed at the District hospital. These improvements and additions may cost about Rs.6,000/-. Thus, the requirements of both the District Lock-up and the District Hospital and Maternity could

could be met at a cost of ten to twelve thousand rupees against Rs.35,000/- the estimated cost of improvements to the present hospital buildings as per plans and estimates received with your letter No.L.3176-Med.56-21-2 dated 1-12-1921.

4. The Lock-up buildings will provide accommodation for about 50 beds (40 general and 10 maternity cases), for out-patient departments male and female and for the residence of the subordinate medical and nursing staff and so, the present Female Dispensary building and District Hospital buildings may be given away for a fair valuation to other departments requiring them and the amount utilized for constructing a new lock-up and for making the present lock-up buildings fit for hospital purposes and for the equipping and furnishing them. This arrangement while supplying fully the present needs of the town, is not likely to cost Government any extra expenditure.

5. The female dispensary building is required by the Education Department for locating the Hindustani Girls' School (Vide Honorary Secretary's letter to Inspector General of Education enclosed) and I was given to understand that the present District Hospital buildings will be required by the Hassan Municipal Council for holding its office and meetings.

6. I request that Government may be pleased to approve of the above suggestions generally and instruct the Heads of Departments concerned, to take early further action in their respective Departments.

7. I am sending copies of this letter to the marginally noted officers for their information.

I have the honour to be,

Sir,

Your most obedient servant,

1. Inspector General of Education.
2. -do- Prisons.
3. Deputy Commissioner & District Magistrate, Hassan.
4. President, Hassan Town Municipal Council.
5. Inspector General of Police.
6. The Excise Commissioner in Mysore.

SENIOR SURGEON

SSH-3VA.

Inspection Notes of the District Hospital, Hassan, by the Senior Surgeon on the 20th and 21st November 1921.

Inspected the District Hospital to-day. Mr. Gundapanth the District Medical Officer, the two Sub Asst:Surgeons Messrs. Somanatha Rao and Rajan and the Compounder andClerk were on duty. What struck me most was the inadequate accommodation provided for in-patients and the absence of any nursing arrangement. The present accommodation is hardly sufficient to meet the demand if all the deserving cases are admitted. The wards are not provided with bath-rooms and laterines and the patients are obliged to walk a distance of 100 yards or so to get to thelatrine provided for them. It is quite obvious that serious and bed ridden patients cannot walk all that way to attend to calls of nature and in the absence of a nursing staff and a sufficient number of menials, the administration of the hospital is practically impossible. It is not possible to realise how this state of affairs has been allowed to continue all these years and it is no wonder to me that this hospital has not been sufficiently patronised by the public in the past. A staff of nurses is urgently required. There is no suitable arrangement for night or day nursing and the patients are allowed at the mercy of a single ward boy and a deaf ward Ayah both by day and night.

2. The money allotted for diet is hardly sufficient to feed all the deserving cases requiring treatment, consequently many deserving cases are declined admission with the view to limit the expense within the allotted sum.

3. The present administrative block is too compact.. There is no proper store room for linen, stock of medicines etc., and the ward meant for special cases is being utilised for this purpose.

both these institutions will be co-ordinated if situated close to each other. The alterations and additions recommended for the hospital admit of such an arrangement and the lady apothecary will be provided with ample accommodation to treat out-patient cases, besides being in charge of the Female ward. A small Maternity ward for 8 patients, if added, will prove of immense service to the town. There is ample space to construct a Maternity ward in the hospital premises and the Municipality may be asked to give their opinion. It is not possible to admit and treat maternity cases in the ward attached to the Female Dispensary, as there is no suitable staff and the accommodation provided for is inadequate.

9. A ward for treating infectious diseases is also urgently required near the hospital. The present building used for this purpose is entirely unsuited. It is more or less, in a dilapidated state and it is unsafe to keep patients there. A new building to accommodate 20 patients of both sexes will meet the demand. It must be built in the open ground opposite to the District Hospital, as it will be convenient to adminster. This subject needs the earnest attention of the Municipality.

10. As a scheme to provide the hospital with Nurses is pending before the Government, arrangement has to be made to provide them with quarters close to the hospital. What seems most practical and devoid of expense to Govt. is to place the block of buildings in the District Lock-up which are occupied by the District Superintendent of Police, at the disposal of the Medl. Department. There is ample accommodation here for both nurses and the Sub Asst: Surgeons and being so close to the hospital the work of the hospital can be better managed by them and they will be available at all times for duty. The Deputy Commissioner may be consulted in the matter and his opinion reported to my office.

Proceedings of a Special Meeting of the Hassan Town Municipal Council held in the Deputy Commissioner's Office, Hassan, on Saturday the 31st December 1921.

****

xxx xxx xxx xxx

II. Read Deputy Commissioner's Memo No.C.130-21/L.S.G. dated 20-12-1921 forwarding for early needful action, letter No.1626-7 dated 29-11-1921 from the District Medical Officer, Hassan, requesting to consider the following suggestions made by the Senior Surgeon, viz:-

(1) Construction of a Maternity Ward.

(2) Providing suitable accommodation for the treatment of infectious diseases.

(3) Increase of wages of the menials in the Female Dispensary.

RESOLUTION:- The Hassan Municipal Council is unanimously of opinion that a Maternity Ward, accommodation for infectious diseases close supervision of the existing Female Dispensary to enhance its utility all these are absolutely essential.

Resolved further that as the existing Civil Hospital is not favourably situated even for the presentday purposes, the Senior Surgeon be requested to meet the Municipal Council to select a suitable locality.

Senior Surgeon.

B.V.A.

Letter No.6, dated 18th Decr.1921, from the Hon:Secretary, Managing Committee, Vani Vilas Govt.Girls' School, Hassan, to the Inspector General of Education in Mysore,Bangalore.

****

In forwarding herewith an extract of the Resolution of the Committee passed on 1st December 1921, I have the honour to state that the question of constructing a Hindustani Girls' School, for Mussalman girls has been pending disposal for several years. So far as my information goes, the school was sanctioned long ago but differences having arisen as regards the selection of the site the matter is not being pushed through. I enclose a site plan and sketch showing the relative position of the Vani Vilas Girls' School and the Local Fund Female Dispensary in Hassan. Two two together are surrounded by high roads on all sides and correspondence is going on between Government and Hassan Town Municipality about having a Maternity at Hassan. In this case, the present building used for female dispensary will not serve the purpose of a Maternity and I am of opinion that if this building purchased by the Education Department the same can with advantage be used for the Hindustani Girls' School so that the two girls schools will thus have been located in an prominent part of the town practically in one enclosure and the differences existing about the selection of a site will have been solved.

2. I solicit the favour of necessary action being taken in this direction if it meets with your approval.

****

Bangalore.

SIR,

In continuation of this office No. C. 1469-3, dated 3rd March 1922, submitting proposals to meet the requirements of both the District Lock-up and the District Hospital & Maternity at Hassan, I have the honour to forward the enclosed copy of an extract from the Proceedings of a special meeting of the Hassan Town Municipal Council, held on 20th February 1922, about the selection of a site for the Maternity Ward &c., at

25

Proceedings of a Special Meeting of the Hassan Town Municipal Council held in the Deputy Commissioner's Office, Hassan, on Monday the 20th February 1922.

I. Read Deputy Commissioner's Memo dated 14-2-22 forwarding copy of letter No.C.1469-2 dated 13th idem from the Senior Surgeon in Mysore re: the discussion about the selection of a site for the Maternity ward etc.,

RESOLUTION:- The council is of opinion that if the Civil Hospital could be transferred as a temporary measure to the premises now occupied by the Jail (converting the Hospital into the Jail), it would meet the conveniences of the people.

The Female Dispensary may be transferred to the New premises proposed for the Civil Hospital and the Maternity Ward also located therein.

To

C. Venkata Rao Esqr., B.A.,
Secretary to the Government of H. H. the
Maharaja of Mysore, Revenue Department,
Bangalore

Sir,

With reference to your letter No.L.5723-8/Med.56-21-4 dated 1st April 1922, I have the honor to state that if a small new Lock-up is provided for the use of the prisoners whose number averages about 25 per diem, the present building which is too extensive for our present requirements may be handed over to the Medical Department which will be able to make the best use of it for the benefit of the public. A new Lock-up is proposed to be constructed from the proceeds of the sale of the Female Dispensary and the District Hospital buildings without any extra cost to Government. The proposal of the Senior Surgeon may therefore be approved, as it will not put the Prisons Department into any inconvenience.

I have the honor to be,
Sir,

11 APR 1922

To

The *Revenue Secretary to the Government of His Highness the Maharaja of Mysore, Bangalore.*

SIR

With reference to your letter No.L.5723-8/Med. 56-21-4 dated the 1st instant calling for my opinion in the matter of proposed location of District Hospital in the present Lock-up Buildings at Hassan, I have the honor to forward herewith a copy of my letter No.C.977/20 dated the 10th March 1922 to the Chief Secretary to Government in the matter.

I have the honour to be,
Sir,
Your most obedient servant,

G. Lakshmanappa
In charge Assistant
to the Inspector General of Police
For Inspector General of Police
(Absent from Head Quarters).

Letter No.C.977/20 dated 10th March 1922 from the Inspector General of Police in Mysore to the Chief Secretary to Government.

With reference to Official Memorandum No.G.7061-120/C.M.95-20-1 dated 30th September 1920 forwarding a responsibility sheet in connection with the notes of Inspector by the Second Member of Council in Hassan District in June 1920, about the accommodation ~~xfxx~~ for the District Police Office at Hassan, I have the honour to state that the proposal now is to accommodate this office in the District Office buildings in the portions occupied by the District Excise Office, the District Board Secretary and the Bench Magistrate's Court. I inspected this portion. Accommodation is enough. The District Excise Office and Bench Magistrate's Court were proposed to be provided for in the building now occupied by the District Police Office.

The Senior Surgeon has since proposed (he has sent to me a copy of his letter No.C.1469/3 dated 4th instant to the Revenue Secretary) that the whole Jail building should be used as Hospital for men and women and also for maternity cases and the existing Hospital building sold away to other Departments and the amount realised used for construction of a new building for District Lock-up. This idea seems to have commended itself to the Deputy Commissioner also and he has proposed in his letter No.46/21-22 dated 1st instant to you (copy of which he has kindly sent to me) that permission might be given to hire a building for the Excise and other offices. Whether the Jail building is to be used as Hospital or not, it is clear that the District Police Office has to be shifted from that building and I request that orders accordingly might be passed at an early date.

OFFICE OF THE INSPECTOR GENERAL OF EDUCATION IN MYSORE.

Bangalore, Dated 17th April 1922.

C. S. Balasundaram Iyer, Esq., B. A.,
Inspector General of Education in Mysore.

To

K. Matthan Esq., B. A.,
Chief Secretary to the Government of His Highness
the Maharaja of Mysore, B a n g a l o r e.

Sir,

With reference to your letter No. L. 5723-8/~~Edn.~~ 56-21-4 of 1st April 1922, calling for my opinion in the matter of the proposed location of the District Hospital for women &c., in the present Lock-up building at Hassan, I have the honour to state that the President of the District Board, Hassan, has been requested in this office No. Glc. 4286/21-22 of 21-3-22 to intimate the ~~fact~~ cost of the Female Dispensary building proposed to be purchased for the Education Department. On the receipt of information from that officer with a plan of the building, I shall submit my views to Government as to the suitability of the building for locating therein the Hindi Girls' School. I also intend visiting Hassan at an early date and shall also see for myself how the proposals will affect the Department.

Subd for perusal with reference as, final reply P.S. will be submitted.

S i r,

Adverting to your No. C. 1469-4 dated 4th March 1922 forwarding for information copy of your letter No.C.1469-3 dated 4th March 1922 to the Revenue Secretary in the matter of transferring the present Lockup buildings at Hassan to the Medical Department, I have the honor to forward herewith for information copy of letter No.J. 4857 cts 125-21-4 dated 21st April 1922 from the General Secretary stating that no funds can be provided for rent for the Bench Court.

2. As the Bench Court cannot under the circumstances be removed to a separate buildings it is not possible to carry out the other proposals which are contingent upon this till such time as rent could be provided for this purpose from other sources.

3. It is stated in para 3 of the letter under reply that the improvements and additions to convert the accommodation of the Lockup buildings will be about 6000Rs. I am not satisfied that this estimate is correct, for to convert the grim, old, high-walled, cellular building into a fine airy cheerful hospital provided with washable floors and walls and up-to-date operation theatre may in reality cost much more.

4. The Education Department may offer a fair equivalent for the female dispensary building but I am not sure if any Department will offer what it has actually cost Government to bring the present District Hospital into its present condition. Moreover the cost of finding ~~accommodation~~ accommodation for the offices that will be displaced by the present proposals whether by ~~adding~~ additions to existing Government buildings or by rent for hired buildings has to be taken into consideration in casting up the final cost of the changes proposed.

5. Lastly I may be permitted to suggest that the public may not like a large hospital and specially maternity in a comparatively lowlying and isolated locality with ~~dismal~~ sombre memories. Whether the present beautiful airy well situated Hospital grounds can be finally

From

B.Venkoba Rao Esq.,B.A.,B.L.,
Officer I/c Secretary to Government.

To

The Senior Surgeon to Government,
The Senior Inspector of Police in Mysore.

Sir,

With reference to the correspondence ending with your letter No.C.3??/ dated the 16th March 19.., **re** the selection of the District Police Office, Mysore, from the Jail building, I am directed to say that as it will take some time before the proposal of the Senior Surgeon for the location of the Combined Hospital for men and women in the Lock-up buildings is approved by Government, it is -- desirable for the present to shift the District Police -- office to the block of the District Office, now occupied by the District Excise Office, the Bench Magistrates' Court and the Economic Development Secretary's office as was -- proposed originally in lieu - vide your letter of 9th March 19.. and letter of the Deputy Commissioner of Mysore dated 1st April -- March 19.. and to locate the Lock-up offices in the Lock-up buildings. This should be given effect to before the end of this month and report sent up to Government.

I have the honor to be,

Sir,

Your most obedient servant,

(Sd) B. Venkoba Rao.

BANGALORE.

Sir,

Adverting to your letter No. L 702-3/Med. dated 22nd July 1922 inviting reference to your letter No. L 5723-8/Med 56-21-4 dated 1st April 1922 regarding the location of the District Hospital &c., in the present Lock-Up Buildings at Hassan, I have the honour to state that I have already expressed my opinion in my letter No. G.C.1631-21 dated 26th June 1922 that the Excise Range office may be shifted from the Lock-Up Buildings and located elsewhere. However, I may add that the abolition of the Hassan Range office instead of the Hole-Narsipur Range is under consideration in connection with the retrenchments in the Excise Department, and the Head Quarters of the Hassan Range office will be transferred to Hole-Narsipur where there is a combined buildings, as soon as the Hassan Range Inspector can be absorbed; till then a rented building may be engaged at Hassan as no other suitable Government Building is reported to be available for locating the Range office.

I have the honour to be,

5 JAN 1923

From

OFFICE OF THE INSPECTOR GENERAL OF EDUCATION IN MYSORE.

Bangalore, Dated 28th December 1922

The *Inspector General of Education in Mysore.*

To

The Secretary to Government,
Revenue Department.

Sir,

With reference to your letter No.L.5723-8/Rev.56-21-4 dated 1st April 1922 calling for my opinion in the matter of purchasing the Local Fund Female Dispensary at Hassan for the Education Department, I have the honor to state that I inspected the building on 13th instant and found it conveniently situated and well suited for locating the local Hindi girls' school. The building has been valued by the President of the District Board at Rs.6,891/-. But, the Chief Engineer is of opinion that the buildings were originally constructed at a cost of Rs.4,553/- and that therefore this sum may be paid an adequate price instead of valuing it at the current market rate and treating the difference as depriciation charges. In the circumstances I recommend that Government may be pleased to sanction the purchase of the building for Rs.4,553/- the cost being met from the grants of the Education Department.

Copies of letters from the Senior Surgeon, the Chief Engineer and the President of the District Board are submitted

Copy of letter No.B.1246/ dated 28th November 1922 from the Chief Engineer of Mysore for Roads and Buildings, Bangalore to the Inspector General of Education in Mysore, Bangalore.

With reference to your letter No.Gl.C.4286 of 21-22 dated the 15th October 1922 and subsequent reminder No.Gl.C. 4286 of 21-22 dated the 15th November 1922, I have the honor to inform you that the Executive Engineer, Hassan Division, who was requested to report on the proposal to purchase the Local Fund Dispensary for women at Hassan for locating therein the Hindi girls' school, has, after personal inspection of the building, reported that the main building is in a fairly good condition with the exception of two cracks near the doors and windows and that there are heavy cracks in the walls of the wards on either side of the doors and windows. But these can be set right by the insertion of the bond slabs. I have also recently seen the building The kitchen is in fair order.

2. From the records in the Division it is found that the buildings were constructed at a cost of Rs.4,553/-. It is therefore recommended that, in the event of the building being purchased by the Education Department, this sum may be paid as an adequate price instead of valuing it at the current market rate, the difference being treated towards depreciation.

The valuation statement and the sketch plan are herewith returned.
